April 2017

Spot Light is on...

When Patti F. comes into KAC, she makes everyone happy with her silliness and her smile! She shows care and compassion to her friends and is always willing to lend a helping hand to people in need. Patti has recently learned a couple different jobs that are part of the chip production process; labeling bags and bagging the chips. She always pushes herself to do the best she can and get the job done quickly. When Patti isn't working at KAC, she loves to relax at her sister's house and recoup from all the hard work she does during the week. KAC is proud to recognize Patti as an important member of our crew!
