

KAC Newsletter

May 2017

Spot light is on...

Karen R. has become quite an asset to KAC because of her hard work and dedication. She knows what she needs to do and always makes sure to get it done! There's not much that Karen isn't capable of doing when it comes to the KAC kitchen, she pretty much does it all! Karen has the luxury of working side by side with one of her greatest friends, who she also enjoys spending time with outside of work, whether they're going to church or going on a fun trip together, they always enjoy each others company. She also enjoys spending time with her family!

Reminder!

Fireside outing is quickly approaching. Sign up will begin May 26th and is a first come, first serve basis!
